Augmented Reality Childrens book  
 recommended for 6-12 years old kids

\*\*\*\*\* ARBI

and the Treasure Chest is the second book  
 of ARBIs Augmented Reality Books  
 collection for children. The Characters  
 come alive with your Smartphone or  
 Tablet! They did it again! Another great  
 Augmented Reality book for children!  
 ARBI and the Treasure Chest brings  
 characters alive one more time on the  
 book! They have added Background Music

which enhances the user experience  
 while interacting with the book! Well  
 done! I love this book. Love it.  
 Absolutely love it. The combination of a  
 cute story that teaches a lesson and holds a  
 childs interest, mixed with the Augmented  
 Reality app is something completely  
 different for Kids. ARBI the brave knight  
 and his friends discover an ancient treasure  
 map drawn by a famous pirate called  
 Woodleg. Together with his loyal  
 companions Smellit the dog, Agick the cat,  
 Smarlow the tortoise and Drako the  
 dragon, ARBI embarks on a quest to find  
 the most valuable treasure in the whole  
 world. Will these five adventurers be able  
 to find the hidden treasure? How will they  
 overcome fierce pirates and other obstacles  
 in their path? Web Page:
