

History of England: Comprising the Reign of Queen Anne Until the Peace of Utrecht, 1701 1713 (Classic Reprint)

Excerpt from History of England: Comprising the Reign of Queen Anne Until the Peace of Utrecht, 1701 1713 This volume has been written, in accordance with the wish expressed to me by several persons, as a connecting link between the close of Lord Macaulays History of England and the commencement of that from the Peace of Utrecht, which I published while still bearing the title of Mahon. It is to be observed, that Lord Macaulay did not live to complete, as was hoped, the reign of William the Third. It is sometimes supposed that he did so, since his final volume, as published by his family, contains an excellent account of the last illness and decease of the King. But this is only a detached passage which stands separate from the rest. Of the last part of that reign, a period of between one and two years, there is unhappily with one other exception no record from his pen. That deficiency has here to be supplied. In the reign of Anne the main figure in war and politics - around which it may be said that all the others centre - is undoubtedly Marlborough. I have to the best of my ability endeavoured to weigh his character in the scales of impartial justice - believing as I do that these scales have not been held even in the hands of preceding writers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical

works.
