

## Bastards & Bitches / Love...my favorite subject: ...THE NAKED truth about a few that taught me about LOVE

This is two Books in One; and each one is a little glimpse into my far from normal Life. Just like everything in my Life, nothing about it was planned. And the fact that in the END, I wound up being someone preaching the Gospel is even more weird, extraordinary, and an example of my having very little to do with some of the events in my LIFE. Im not your ordinary Minister of the Gospel, but neither are the Times we are living in.
