

Unthinkable (Tate Pack Book 1)

Richard Tillson was happy with his life...well...sort of. He has spent the last few years of his life making a name for himself in the dance community, has a very expensive apartment in Manhattan and he knows hes gorgeous. So why is he so miserable? Enter Vernon Vet Tate. The older brother of Richards best friend Amanda Lynn. The first time the two men meet its when Vet is saving Richards life from an oncoming vehicle. Moments later Vet is turning Richards life upside down by telling him that his baby sister, who had passed weeks before, left her three newborn children to Richard, to share custody with Vet. Things wouldnt have been so bad for Vet if Richard wasnt also his mate, his very human mate. So how will Richard cope with becoming a father, giving up his sophisticated New York lifestyle for a ranch out in Wichita Falls, Texas, and finding out that not only do shape shifters exist, but hes the mate of the Alpha?
