Would you like to travel to France without taking a plane? Would you like to learn about the way French men partake in love affairs? How they seduce women? How they make love? **Book 1: A Spicy Business Trip to Paris** When Marilyn learns that she's going to be responsible for expanding a new luxury line of sports clothing for SLC Sport & Co. in Paris, she jumps with joy. She's even more excited because her co-worker Laurent, a Frenchman, will be going with her. He's seductive, enthusiastic, and funny. But it turns out to be Yann, Laurent's old friend and manager of a popular Paris nightclub, who excites Marilyn beyond her wildest dreams. Yann is secretive, subdued, and silent—just the opposite of Laurent. Yann helps Marilyn discover Paris and at the same time conquers her. But what future does she have with this enigmatic man? Will she ultimately discover his secret?

**Book 2: Antique Hunting** This is a story about a young woman who has just bought a very old house on the outskirts of Montgomery, Alabama. She goes to Paris to find antiques that will work best with her soon-to-be renovated place. Her life so far has been without many surprises, until the untimely death of her husband of three years. She will soon experience all sorts of adventures in France. Shy and naive when she arrives, she is able of overcoming each obstacle such that she moves forward despite the tests that are put in her path.

**Book 3: Seductive Boss** When Jessica finally finishes her architectural studies and then goes to Paris for an internship, she can barely speak a word of French. Gaetan, another intern at the firm where she'll work, meets her at the airport. He quickly falls in love with her and tells her to watch out at work, especially because her new boss is

very seductive. She doesn't take his advice and quickly becomes under the spell of Etienne, an internationally famous architect. He's especially interested in Jessica's Chinese origins so that he can conquer more of the market in China. Their affair takes over her life more than she could ever have imagined. Can she nonetheless go back to Gaetan, whom she realizes she truly loves?
